

# About Us

Established in 2008, NBEP is a family-owned agency with a rich legacy of service. With a collective experience of 50 years, our team is dedicated to providing exceptional support and opportunities to our clients.

As a trusted vendor in four counties, we have established ourselves as a pillar of the community and are currently serving 25 clients and supported by a team of 50 passionate employees.

At NBEP, we create exceptional systems, that lead to exceptional structure, to create exceptional routines, that consistently enhance the lives of our clients. Our unwavering focus on our mantra, 'New Beginnings for Exceptional People,' drives us to continuously strive for excellence in helping people achieve their best selves.

“

We developed a great working relationship and together we were able to support my son and help him to reach his present state of composure and happiness, which has improved his quality of life.”

- Parent of Client

# What We Do

---

- Facilitate maximum independence and self-sufficiency through customized structure & routine.
- Ensure each client resides in their preferred community and aid in their assimilation.
- Help clients develop and maintain meaningful relationships.
- Assist clients in discovering and expressing their voice.
- Educate clients for informed decision-making and accessing community resources.

## Why Choose US?

---

01

We maintain a consistently high standard of customized education and support for our staff so they can better serve our clients.

02

We create individualized plans for our clients, educating them to thrive and be a part of their community for as little or as long as we are needed.

03

We allow for the relationships between our clients and their community of family and friends to flourish/prosper.

04

Our empathetic approach is paramount in advocacy for our clients.

## How To Get Started?

---

The initial step in becoming a part of New Beginnings involves completing a Referral Form, providing foundational information to determine compatibility. We will then meet with you to create a personalized Individual Service Plan (ISP) and steps to move forward. On boarding may take a few week and includes:

- **Submitting Referral Form** - Either working through your Regional Center Service Coordinator or using our online form
- **Meeting with client** and family/friends to determine if we have synergy and can provide appropriate supports
- **Conducting a comprehensive assessment** and creating a customized ISP, then matching with staff who share similar values/interests
